**CARERS REGISTRATION FORM**

If you care for, or help, someone with an illness or disability, whether this is a partner, friend, relation or even a neighbour – then you are a carer. Here, at Riverside Surgery we are trying to put together a register of all our patients who are caring for others. Once compiled, this register will help us to acknowledge you and your needs as a carer, and enable us to provide you with further information where appropriate. To help us with this project, we would be most grateful if you would fill in the information requested below and hand the form to a receptionist at the reception desk.
